Kenya, Tanzania & Ethiopia

Home to Kenya’s sprawling Masai Mara, the teeming Ngorongoro Crater and the vast Serengeti plains of Tanzania, East Africa has formed the backdrop for legendary safari expeditions since the days of Ernest Hemingway and Isak Dinesen. Nearby, Ethiopia stands as an early cradle of Christianity, adorned with iconic rock-hewn churches and the ruins of empires past.

Explore these epic landscapes from many perspectives, whether coming face to face with chimpanzees in Tanzania’s Mahale Mountains National Park, floating gently over the Serengeti in a hot air balloon or zooming across the Kenyan skies in a vintage biplane, à la *Out of Africa*. Seek inspiration as you venture inside the stone-carved walls of the Church of Saint George in Lalibela or ascend to the summit of soaring Mount Kilimanjaro. Run with members of the Maasai, or snorkel in the sparkling waters off Zanzibar. Experience daily life in a Samburu village, or learn to cook traditional Ethiopian dishes in ancient Addis Ababa.

With A&K, the opportunities to discover Africa your own way are as limitless as the sparkling sky of the equatorial night.
Witness the epic natural wonder of the Great Migration. While the diversity and profusion of Kenya and Tanzania’s wildlife already distinguish East Africa as one of the world’s greatest safari destinations, the Great Migration sets it apart from all others. Witness this awe-inspiring natural phenomenon, when nearly two million wildebeests, Burchell’s zebras and Thomson’s gazelles make a yearlong, round-trip trek in search of water and fresh grass, while top predators such as lions, cheetahs and crocodiles eagerly await them every step of the way.

Float above the vast, golden grasslands of the Serengeti. Spanning some 10,000 square miles of rolling, golden grassland, Tanzania’s iconic Serengeti National Park supports one of the world’s largest concentrations of wildlife — a vast realm teeming with antelopes, hyenas, leopards, giraffes, lions, buffalo and cheetahs. Take to the skies by hot air balloon for a bird’s-eye view of the Serengeti plains. Suspended in a basket beneath the rainbow-colored canopy, capture once-in-a-lifetime photographs from this vantage point. Toast your return to earth with a delightful bush breakfast.
Hike the Ngorongoro Highlands at dawn’s first light.
Measuring some 2,000 feet deep, Ngorongoro Crater’s chasm was formed when the cone of a massive volcano collapsed eons ago. Today, the crater and its watering holes harbor a unique microcosm of East African wildlife, including buffalo, bushbuck and baboons. Greet the dawn’s blue mist with a morning hike to a majestic waterfall secluded within the forested highlands of Ngorongoro Conservation Area, your ideally located camp affording you a jump on the crowds.

Immerse your family in Maasai tradition.
The traditions of the Maasai have sustained their people for countless generations, forging a deep bond with the land and its wildlife. Immerse your family in Maasai tradition as a local tribe member reveals the cultural significance of beading and storytelling. Then, learn about the time-tested bushcraft skills of fire-making, herbal medicine, archery and rungu (spear) throwing. After a brief lesson, try your hand at a bit of target practice in the bush.

Find inspiration at a special school in rural Tanzania.
In the rural Tanzanian village of Ilboru, a group of students is beating the longest odds. Here, the dedicated teachers of Ilboru School for Children with Special Needs have partnered with A&K Philanthropy to wipe out the negative stigma that is all too often associated with learning and hearing disabilities. Visit the school to see how vocational programs, complemented with learning tools like digital e-readers, are empowering these remarkable children to reach for a brighter future.

Run with members of the Maasai.
The renowned running abilities of the Maasai people were born of their lifestyle. As nomadic pastoralists who graze their cattle across hundreds of square miles of East African plains, the need to move efficiently between locales is fundamental to their survival. In the vast, sun-splashed splendor of the Masai Mara, run with members of the Maasai for the active outdoor experience of a lifetime.
Embark on a family safari from your own mobile tented camp. With Mount Kenya as their backdrop, the vast plains, acacia forests, swamps and rivers of the Laikipia Plateau recall the golden era of the safari — a time when the likes of Hemingway, Roosevelt and Blixen tracked the Big Five from remote, rustic camps. Immerse your family in the safari magic of yesteryear as you embark on game drives through the Laikipia Plateau from your very own mobile tented camp, a canvas-covered oasis complete with airy verandas, crisp sheets, mahogany dressing tables, private showers and flush toilets. Accompanied by a full complement of expert guides, butlers, cooks, waitstaff and safari vehicles, your family expedition reveals Kenya’s iconic wildlife while recalling the romance of a bygone era.
Celebrate an *Out of Africa* moment by private biplane. Among the highlights of the classic movie *Out of Africa* is the romantic biplane flight taken by protagonist Karen Blixen (Meryl Streep) and her dashing lover, Denys Finch Hatton (Robert Redford). Now you can experience that same exhilaration, basking in a bird’s-eye view of the 62,000-acre Lewa Wildlife Conservancy from the open cockpit of a vintage biplane. Feel the wind in your hair as you swoop over beautiful valleys and winding rivers, keeping watch for the Big Five — elephants, rhinos, lions, leopards and Cape buffalo — in the shadows of snow-capped Mount Kenya.
Mark a special milestone atop Mount Kilimanjaro.

Tanzania’s majestic Mount Kilimanjaro looms some 19,340 feet above sea level, the highest mountain in the world requiring no previous experience or technical training to climb. Mark a special milestone as you climb amid the highland montane, volcanic lava landscapes and breathtaking canyons of Kilimanjaro. Venture forth confident of reaching your goal, thanks to our excellent summit rate of 97%, made possible by your highly experienced A&K team.

Experience Lewa Wildlife Conservancy after dark.

When the sun goes down over Lewa Wildlife Conservancy, the nocturnal predators awake from their daytime slumber and spring into action, affording some of the most memorable game drive encounters to be had anywhere on earth. Escape the crowds as you venture into the wild, inky darkness on a nocturnal game drive, an exclusive experience you can only access within private conservancies like Lewa.

Immerse yourself in the herding traditions of the Samburu.

The seminomadic Samburu people of north-central Kenya observe a time-honored, pastoral way of life, herding their cattle across the grasslands as they have for generations. Here, immerse yourself in Samburu culture as you listen to a herder serenade his cattle with his own family song, the sounds weaving together to produce an unforgettable tapestry of music.
Track lions in Kenya’s Ol Pejeta Conservancy.
Formerly one of Kenya’s largest cattle ranches, Ol Pejeta Conservancy is now the protected pasture of a markedly different sort. Join a specially trained guide to learn about and track the lions of Ol Pejeta Conservancy, contributing to conservation efforts as you do. Help researchers gather vital information needed to monitor collared lions, first locating a pride, and then identifying individual animals using telltale characteristics, during a fascinating wildlife experience beneath the foothills of Mount Kenya.

Cook traditional Tanzanian dishes alongside a local.
To discover the cuisine of a new locale is to understand its people and their history a little better. Savor the opportunity to create traditional Tanzanian dishes in the village of Mto wa Mbu alongside a local woman who meets you at an open-air market to gather fresh ingredients for a homemade meal. Then, ride by tuk-tuk along winding roads to her home, where you learn how to prepare the food in a charcoal-heated clay oven. Once finished, enjoy the lunch you helped create.

Snorkel the magical reefs of Zanzibar.
Secluded off the coast of mainland Tanzania, the island of Zanzibar is graced with sparkling white sand beaches and surrounded by warm Indian Ocean waters teeming with sea life. Set sail along the shores of Zanzibar aboard a traditional wooden dhow, pausing in the Menai Bay Conservation Area to swim and snorkel amid a rainbow of coral reefs and spectacular sand banks. Then, sample a variety of fruits grown on the island, relax on a sunny beach, and go for a dip in a mangrove lagoon.
Marvel at rock-hewn Bet Giyorgis in Lalibela, Ethiopia. One of the first places on earth to adopt Christianity as its state religion, Ethiopia has a long heritage of faith, gloriously reflected in the stone-carved architecture of the churches at Lalibela. Explore hallowed ground as you visit six churches, including the cross-shaped Church of Saint George (Bet Giyorgis), the largest monolithic rock-hewn church in the world. Its interior chambers are so finely crafted, it is said they were carved by angels.
Behold the medieval stone castles of Gondar.
Visitors to a high basaltic ridge in northwestern Ethiopia are greeted by a surprisingly European sight. Gondar, nicknamed the “Camelot of Africa,” was founded in 1636, and its stone castles, churches and monasteries comprise a UNESCO World Heritage Site. Learn how these citadels were later reimagined in the Baroque style by Jesuit missionaries. Then, continue to Debre Birhan Selassie Church to admire the frescoes on its walls and ceiling depicting magnificent biblical and medieval scenes.

Learn the secrets of Ethiopian cuisine in Addis Ababa.
The distinctively hot and piquant flair of Ethiopian cuisine is derived from the variety of spices used in its wots (stews) and tibs (curry). Learn to cook this popular local fare at a cooking class that reveals tips from a chef in Addis Ababa. Then, taste what you helped create, eating as Ethiopians do from communal plates lined with injera, a traditional fermented bread. Dine family style from a single platter that includes meat, fish, vegetables and lentils, savoring a moment that captures the spirit of everyday life in this ancient land.

Trek the highlands of Simien Mountains National Park.
Situated in northern Ethiopia, Simien Mountains National Park — a UNESCO World Heritage Site — features terrain dotted with deep valleys, escarpments and a high plateau. Explore this rugged homeland of the walia ibex and lion-maned gelada baboon on a guided hike around its tall peaks, such as towering Ras Dashen mountain. Survey dramatic basalt lava landscapes, watching for unique flora and keeping your camera ready for sightings of rarities like the Ethiopian wolf and the lammergeier, an impressive bird of prey.

The crystal-clear waterways of Botswana’s Okavango Delta — a UNESCO World Heritage Site — provide a lush haven for a wide range of thirsty wildlife. Glide quietly through the reeds aboard a mokoro (dug-out canoe), spotting creatures great and small, from hippos dozing in the afternoon sun to a frog clinging to a papyrus reed. Watch as exotic birds flit overhead, some of the 400 avian species that live in the delta. During the months when the delta is in flood stage, this unique experience is a quintessential part of a Botswana safari.

Behold Victoria Falls by air on a flightseeing adventure. Known as Mosi-oa-Tunya (“The Smoke That Thunders”) by locals, Victoria Falls was named for England’s Queen Victoria by 19th-century Scottish explorer David Livingstone, credited as the first European to gaze upon its sprawling cascades. Revel in a perspective Livingstone never enjoyed when you board a private helicopter for an awe-inspiring flight over this photogenic natural wonder. Afterward, continue along the Zambezi River and over Zambezi National Park to watch for wildlife below.
Marvel at the majesty of the Botswana zebra migration.

East Africa’s annual Great Migration is justly recognized as one of the most awe-inspiring natural phenomena on earth, including millions of wildebeests, zebras and other herd animals. Far lesser known is the mass migration made each March and April by zebras in Botswana, as they roam between the Okavango Delta and Makgadikgadi Pan in search of fresh grasses. Join an expert guide in a four-wheel-drive vehicle to seek out herds of zebra, Botswana’s national animal, and marvel at the life-and-death drama that unfolds during this massive migration.
Meet the inspiring entrepreneurs of Nakatindi.
Set along the border of Mosi-oa-Tunya National Park, the Zambian village of Nakatindi is witnessing an entrepreneurial renaissance. Challenged with limited employment opportunities, the women of the village partnered with A&K Philanthropy to launch a successful bike shop and, most recently, a burgeoning beading studio and boutique. Visit Nakatindi to meet the local artisans of Sishemo Studio, see how they craft traditional beads from recycled glass, and learn how they are empowering their families and community through entrepreneurship.

Cast a line for the prized tiger fish.
Life along the Zambezi River is, in many ways, centered around its rich bounty, including fish that are caught for both sport and sustenance. Try your hand at catching one of Africa’s most sought-after freshwater denizens during a fishing excursion along this mighty river. Sometimes called the “striped water dog,” the tiger fish is an extremely aggressive predator that thrives in swiftly moving fresh water. Anglers, particularly fly fishermen, appreciate how fiercely it fights, thrilling to its dramatic acrobatics once on the line.

Watch for elephants on a river safari.
Living amid a wealth of rivers, marshes and floodplains, the elephants of Chobe National Park are the largest of all African elephants. Board a safari boat to set out in search of these massive animals, watching as they wade with their young along the river’s banks and playfully splash to beat the heat. Keep your binoculars handy for sightings of lions, leopards or Cape buffalo.
Bushwalk in the Kalahari with the Zu’hoasi people.

Even in the 21st century, there are places on earth where aboriginal inhabitants pursue the hunter-gatherer lifestyle, such as the Zu’hoasi people of the Makgadikgadi Pan in the vast Kalahari Desert. Living in groups of about 20, meerkats are members of the mongoose family whose everyday behavior is as fascinating as it is fun to watch. Take in the animated spectacle of a meerkat community on the plains of the Kalahari. Comical and human-like in their mannerisms, these charismatic creatures also maintain sophisticated cooperative relationships. Learn about the nuances of this complex society as you gain insight into their way of life.
Stargaze in Namibia’s dazzling Dark Sky Reserve.

NamibRand, southern Africa’s largest private nature reserve, was established to protect the unique wildlife and ecology of the Namib Desert. In 2012, it was also designated an official Dark Sky Reserve by the International Dark-Sky Association, due to its low light pollution and cloudless night skies. Experience the wonders of the desert night in person when you stargaze in the reserve with expert astronomers, learning about conservation efforts and picking out the constellations adorning the vivid southern sky.

Hike the towering red dunes of Sossusvlei.

Sossusvlei is a salt-and-clay pan, or dried-up lake bed, found among the spectacular red-sand dunes of the Namib Desert, which stretches for 1,200 miles along southern Africa’s Atlantic coast. This region of austere, almost otherworldly beauty is renowned for dunes that soar to 1,300 feet. Hike amid them, taking in the stark contrasts of this landscape set in Namib-Naukluft National Park.
Encounter Madagascar’s lemurs and other endemic species.

Set some 250 miles off East Africa’s coast, Madagascar harbors some 100 species of endemic lemurs, a playful bunch known for their curious behavior. While the lemurs steal the limelight, a cast of other colorful endemic species lie waiting in the wings. Head into the field for a front-row seat to this wild spectacle as your naturalist guide teaches you to identify the telltale markings of Madagascar’s myriad lemur species, as well as other endemic species such as the leaf-tailed gecko, Madagascar fody, tomato frog and panther chameleon.
