GEOFFREY KENT
invites you to discover the
NORTHERN LIGHTS
AND SOUL OF THE ARCTIC

———— MARCH 2018 ————

INSPIRING[®]
EXPEDITIONS
by Geoffrey Kent

The northern lights have mystified since time immemorial. I have spent half a century adventuring around the globe, and still they have succeeded in eluding me. And so it is around their entrancing displays that I have created this Inspiring Expedition, an extraordinary adventure to the very heart of the Arctic Circle.

I look forward to you joining me and my small party of guests on our Northern Lights and Soul of the Arctic Inspiring Expedition.

— HIGHLIGHTS —

The very finest chance of observing the northern lights at their most dramatic time of year,
near to the Spring Equinox

Stay in a remote wilderness lodge reserved exclusively for this journey

Enjoy the convenience of a private jet that brings you to the heart of the action
quickly and without fuss

Experience the full range of Arctic adventure on one amazing journey, with rally car racing
on a custom-built ice track in the middle of the wilderness; safaris by snowmobiles, dogsleds
and reindeer sleighs with picnics; lessons in winter survival skills; cross-country skiing and
snowshoeing; and more

Experience a rare and authentic interaction with Sami nomads, shamans and
their reindeer herders

Learn from expert lecturers on the aurora borealis, the Arctic environment and the anthropology
of the Sami peoples

Gather for an unforgettable Arctic concert in an ice temple designed, created and crafted
uniquely for you

– YOUR ITINERARY –

March 21: Arrive in Helsinki, Finland

Arrive in Helsinki, where you are fast-tracked through customs and immigration and escorted to your luxurious hotel, the newly opened St. George, housed in a 19th-century building that once served as the home of the Helsinki Finnish Club. A special guest speaker accompanies tonight's welcome dinner.

March 22: Introduction to the Arctic Circle

This morning, fly by chartered jet to Ivalo, the northernmost airport in Finland and your gateway to the Arctic Circle. Transfer by luxury 4x4 vehicle to your lakeside lodge, reserved exclusively for Northern Lights and Soul of the Arctic. The newly renovated lodge consists of idyllic log buildings, which gives the place an authentic feel of Lapland, and is located on the southern shore of Lake Inari, with a breathtaking open lakeview as far as the eye can see opening right from the yard — a perfect vantage for experiencing the northern lights and midnight sun alike. Set out later this morning on your first Arctic snowmobile trek, arriving at a secluded spot for a special picnic lunch in the wilderness. Return to the lodge by dogsled. This evening, learn about the northern lights when an expert joins you for an informal talk.

March 23: Ice Driving with Championship Racing Drivers

This morning and every morning of your stay, there is snowshoeing and cross-country skiing for those who would like to, instructed and led by expert guides. Today promises the thrill of a lifetime: the chance to race a high-performance car across the Arctic ice. We have constructed an extraordinary ice-racing track in the middle of the frozen landscape and brought in champion racing drivers to instruct and introduce you to the course before turning over the wheel to you for the chance to try out your skills.

March 24: Survival Skills, Arctic Treasure Hunt and Concert

Spend the morning learning the art of wilderness survival from a world-renowned authority. Then, mounted on snowmobiles, put your newfound abilities to the test on a one-of-a-kind Arctic treasure hunt. In the evening, travel by snowmobile to a magical concert in an ice temple designed and crafted exclusively for you.

March 25: Meeting the Sami Herders

Venture out into the wilderness for a snowmobiling adventure, followed by a lavish picnic lunch in the wilderness. Later in the afternoon, you're met by Sami herders, the indigenous pastoralists of the Nordic region. Travelling on reindeer-pulled sleighs, venture with them into the forests to discover their authentic way of living, their traditions and contemporary culture, and the mysticism of their Shamans.

March 26: Depart the Arctic

Following your snowmobiling or snowshoeing trek, gather for a final breakfast in the lodge, and then transfer to the airport for your return flight.
