

ESSENTIAL INFORMATION WINGS OVER SOUTHERN AFRICA

PASSPORT AND VISA INFORMATION

Your passport needs to be valid for **at least six (6) months** after your journey ends, and should have a minimum of eleven (11) blank visa pages for entry and exit stamps. *Note: you will need two (2) consecutive blank visa pages for each entry into South Africa.*

Botswana and South Africa

Holders of U.S. and Canadian passports are not required to obtain a tourist visa for entry into either **Botswana** or **South Africa** for stays of up to 90 days.

Namibia

A tourist visa is required for U.S. and Canadian passport holders for entry into Namibia.

Tourist visas are currently being offered free of charge on arrival at all points of entry (subject to change without notice).

Zambia

A tourist visa is required for U.S. and Canadian passport holders for entry into Zambia (and Zimbabwe). A&K recommends obtaining a KAZA UNIVISA (valid for both countries) on arrival in the event that you choose to visit the Zimbabwe side of the Falls during your time at leisure in Zambia.

KAZA UNIVISA: Can be obtained on arrival at Harry Mwaanga International Airport in Livingstone, Zambia. It is valid for 30 days and allows multiple entries into either country. The current fee is USD \$50 (subject to change without notice). This amount must be paid in cash in U.S. dollars.

Availability of the KAZA UNIVISA can be sporadic. In the event the KAZA UNIVISA is unavailable, a single-entry visa for Zambia can be obtained on arrival for the same USD \$50.

Our partner VisaCentral offers easy, efficient U.S. passport and visa processing. Visit them online at visacentral.com/abercrombiekent or call 844 823 1224 and reference A&K's account number 73001. Service fees apply.

Citizens of other countries should contact the appropriate consular office for entry requirements pertaining to their journey.

Of Special Note: Adults Entering and/or Exiting Namibia and/or Botswana with Minor Children

Namibia and Botswana have instituted requirements for adults travelling with children under the age of 18.

Parents travelling with children will be requested to provide an official birth certificate that includes the details of the full name of both the child's father and the mother of all travelling children. This applies even when both parents are travelling with their children and it also applies to foreigners and citizens of Namibia and Botswana alike. When children are travelling with guardians, these adults are required to produce affidavits from parents providing permission for the children to travel. All documents must be in English.

Both parents travelling with child:

- When both parents are travelling with a child, such parents must produce an official birth certificate that includes the details of both the child's father and mother.

One parent travelling with child:

- In the case of one parent travelling with a child, he or she must produce an official birth certificate that includes the details of both the child's father and the mother. In addition, the parent must produce one of the following:
- If the travelling parent has shared legal custody of the child: Consent in the form of an affidavit from the other parent registered as a parent on the birth certificate of the child authorizing him or her to enter into or depart from Namibia and/or Botswana with the child he or she is travelling with.
- If the travelling parent has sole legal custody of the child: A court order granting full parental responsibilities and rights, or legal guardianship, in respect of the child, if he or she is the parent or legal guardian of the child; or where applicable, a death certificate of the other parent registered as a parent of the child on the birth certificate.

Child travelling with persons who are not their biological parents, for example adoptive parents, grandparents or persons given the parents' approval to enter into or depart from Namibia and/or Botswana with child:

- Where a person is travelling with a child who is not his or her biological child, he or she must produce a copy of the official birth certificate that includes the details of both the child's father and the mother.
- An affidavit from the parents or legal guardian of the child confirming that he or she has permission to travel with the child.
- Copies of the identity documents or passports of the parents or legal guardian of the child.
- The contact details of the parents or legal guardian of the child.
- Where applicable: copy of an adoption order, death certificate or a court order granting full parental responsibilities and rights /legal guardianship in respect of the child.

COVID-19 COUNTRY ENTRY REQUIREMENTS & TRAVEL ADVISORIES

A&K requires proof of COVID-19 vaccination for travel on this journey.

The following are the current COVID-19 screening requirements for entry into Botswana, Namibia, South Africa and Zambia for U.S. and Canadian residents. Visit the U.S. Department of State at travel.state.gov or the Government of Canada at travel.gc.ca/travelling/advisories for up-to-date information and travel advisories. All requirements are subject to change.

Botswana

Botswana currently has no COVID-19 vaccination or testing requirements for entry for U.S. and Canadian residents.

Namibia

Namibia currently has no COVID-19 vaccination or testing requirements for entry for U.S. and Canadian residents.

South Africa

South Africa currently has no COVID-19 vaccination or testing requirements for entry for U.S. and Canadian residents.

Note: Guests travelling on a Rovos Rail journey are required to present an original COVID-19 vaccination certificate indicating full vaccination. Children under the age of 12 and travellers in possession of a medical exemption certificate are exempt from the vaccination requirement. Additionally, all guests are required to present a negative rapid antigen or PCR test result taken within 24 hours of the journey's departure.

Zambia

All travellers entering Zambia must meet the following conditions (depending on vaccination status):

➤ **Vaccinated Travellers**

Present an original COVID-19 vaccination certificate with QR code indicating full vaccination completed no less than 14 days before arrival. The current approved vaccines are Pfizer (Comirnaty), Moderna (Spikevax), AstraZeneca (Vaxzevria) and Janssen/Johnson & Johnson (Ad26.COV2.S). To meet changing requirements, a booster shot is recommended.

Note: Vaccinated travellers who do not have a QR code on their COVID-19 vaccine certificate must provide printed, documented proof of a negative COVID-19 PCR test taken no earlier than 72 hours prior to arrival. You may be able to obtain access to a QR code through your local health dept. or vaccination provider.

➤ **Unvaccinated and Partially-Vaccinated Travellers**

Present printed, documented proof of a negative COVID-19 PCR test taken within 72 hours of their departure for Zambia.

- All travellers required to present a negative COVID 19-PCR test on entry to Zambia must also visit <https://trustedtravel.panabios.org> to create a TrustedTravel Account. Once the traveller logs in they can upload their COVID-19 PCR test results and download a TT code to show at the airport on arrival and departure. For additional information and instructions and to find laboratories associated with the Trusted Traveller program, visit the Trusted Travel portal (www.africacdc.org/trusted-travel). Travellers with results from other laboratories should create a Global Haven account at <https://globalhaven.org/travel-guide/> and upload their negative PCR Test certificate at www.globalhaven.org for authentication.
- All travellers must complete a Health Questionnaire, which will be provided by their airline, and present it to airport officials on arrival.
- Travellers are subject to medical screening on arrival in Zambia, including a temperature check, questionnaire, and visual assessment. Those persons displaying symptoms of COVID-19 will be tested at the airport and will be required to enter isolation protocol at a Zambian government facility. Should results prove positive, the traveller will be required to quarantine at a designated site for 10 days. All related costs are the responsibility of the traveller.
- Children under the age of 12 are exempt from vaccination and testing requirements.

COVID-19 Testing Information

A&K will arrange any required COVID-19 testing during your time in each country as follows:

Botswana

The current cost for local testing at a safari lodge in Botswana ranges from USD \$250-USD \$450 (subject to change) and includes the cost of the testing and transportation of the medical practitioner to and from your lodge.

Namibia

The current cost for local testing in Namibia ZAR 4000 (approximately USD \$270 subject to change.) This fee includes the cost of the testing and transportation of the medical practitioner to and from your lodge.

Zambia

The current cost for local testing in Zambia ranges from USD \$150-\$265 (subject to change).

South Africa

The current cost for local testing from ZAR460-1,535 (approximately USD\$30-\$100; subject to change) and may be paid by credit card or cash in local currency.

VACCINATIONS AND MEDICATIONS

A yellow fever vaccination is only required to enter all four countries if you are arriving from, or have transited through, a yellow fever-endemic area in South America or Africa. The CDC and WHO each provide a current list of all affected countries. If vaccination for yellow fever is necessary, you must carry an International Certificate of Vaccination provided by your physician; you may be denied entry without it. If your physician advises against receiving the vaccination because of your personal medical history, he or she can provide you with the necessary documentation for the country/countries you are visiting.

Restrictions on Taking Non-Prescription Medications into Zambia

The Zambian Drug Enforcement Commission (DEC) has in the past detained a number of travellers for possession of Benadryl and other over-the-counter medications which contain small quantities of diphenhydramine, an active ingredient that is on Zambia's list of controlled substances. Although unaware of these restrictions, travellers have been charged with drug trafficking offenses, had their passports confiscated, and been jailed. As a result, you should consider leaving all non-prescription medications behind.

LOCAL HEALTH & SAFETY PROTOCOLS

In accordance with local regulations in Zambia and Zimbabwe, face masks must be worn during any indoor public activities. All persons are required to practice physical distancing of at least 6 feet (2 meters). We encourage you to bring your own masks; a supply will be on hand where needed. Note all protocols are subject to change in accordance with relevant guidelines, local regulations and conditions.

CASH & CREDIT CARDS

Botswana: The country has a cash-based economy. Cash transactions can be made in either U.S. dollars or local currency. U.S. dollars should be recently issued bills in smaller denominations. Major credit cards are accepted on a limited basis at shops, hotels, safari lodges and restaurants. Access to ATM machines is limited to locations in Maun and Kasane.

Namibia: Cash transactions can be made in either U.S. dollars or local currency. U.S. dollars should be recently issued bills in smaller denominations. Major credit cards are widely accepted at shops, hotels, safari lodges and restaurants. Access to ATM machines is widespread in Windhoek and other larger cities but limited in rural areas.

South Africa: Cash transactions should be made in South African Rand. Major credit cards are widely accepted at shops, hotels, safari lodges and restaurants. Access to ATM machines is widespread in large cities such as Johannesburg and Cape Town but limited in rural areas.

Zambia: The country has a cash-based economy. Cash transactions can be made in either U.S. dollars or local currency. U.S. dollars should be recently issued bills in smaller denominations. Major credit cards are accepted on a limited basis at shops, hotels, safari lodges and restaurants. Access to ATM machines is extremely limited.

OF SPECIAL NOTE

Age Restrictions on Bush Walks in South Africa

Due to South African government regulations, persons under the age of 16 are not allowed to participate in bush walks (game viewing on foot) at National Parks and private game reserves in South Africa. Persons over the age of 60 are required to produce a note from their physician stating that they are fit enough for such an activity. Note: Enforcement of these regulations can vary at each safari property in South Africa. We recommend guests over the age of 60 carry the

physician's note as a precaution. These age restrictions do not currently apply to safari properties in Botswana, Namibia or Zambia.

Connecting through Johannesburg en route to Zambia

If you are connecting through Johannesburg en route to Zambia, in order to reduce the risk of your luggage being lost or delayed, we highly recommend that you do NOT check your luggage all the way through to Zambia and instead check it only through to Johannesburg and then re-check it prior to boarding your flight to Zambia.

In addition to this, as a further precaution, we highly recommend that you pack at least one change of clothing in your carry-on luggage as a precautionary measure in the event that your checked luggage is delayed.

Plastic Bags in Botswana

The government of Botswana has announced that it intends to implement a ban on plastic bags. The ban applies to "carrier and flat bags," primarily targeting bags from shops and grocery stores, but also extending to Ziploc bags, duty-free bags and bubble wrap. If tourists have those types of bags visible while in the airport, they are likely to be confiscated. Bags designed for multiple use, such as zippered cosmetic bags, are not included in the ban. The specific implementation date for this ban has not been confirmed, however, it may be prudent to adjust your packing to meet the standards of the ban regardless.

Plastic Bags in Namibia

The government of Namibia has implemented a similar ban on plastic bags in all game parks and reserves. If tourists have those types of bags visible upon entry into any national park or reserve, they will be confiscated.

PACKING LIST & BAGGAGE RESTRICTIONS

On local flights during this journey, each passenger is limited to 1 piece of checked luggage and 1 carry-on bag with a maximum combined total weight of 44 pounds (20 kilograms). This includes the weight of purses and camera equipment in addition to your other luggage. Dimensions of your checked bag should not exceed 23 inches (58 centimeters) long x 13 inches (33 centimeters) high x 10 inches (25 centimeters) wide, and must be soft-sided. As a convenience, A&K provides each safari guest with a complimentary, custom-designed A&K Duffel. This bag is specifically crafted to meet aircraft standards*. Carry-on luggage is restricted to 11 pounds (5 kilograms) and must fit under your seat. There is no overhead storage aboard the aircraft used during this journey. These luggage restrictions are adhered to very strictly and passengers should pack their bags accordingly.

*Note: in addition to the size and weight restrictions noted above, O.R. Tambo International Airport in Johannesburg, South Africa also imposes additional restrictions for checked baggage. The A&K Duffel meets these additional requirements as well. However, if you plan to check any bags other than the A&K Duffel during the course of your journey, please be aware of the following regulations:

- Only regular shaped bags will be allowed to be checked in. All bags must have at least one flat surface to be accepted. Round or irregular-shaped bags will not be allowed.
- Bags with long straps will not be allowed. Long straps need to be detached and stored in the luggage (the strap on the A&K Duffel easily detaches and can be stored inside).

Passengers whose bags do not conform to the above rules will be required to have their baggage wrapped with one flat side at an approved baggage wrapping station within the airport.

Please use the provided A&K luggage tags, even if your bags already have ID tags. This makes it easier for A&K staff to collect and manage your luggage for you.

Safe Travel Essentials

Be sure to bring personal protective equipment (PPE), including face masks, travel-sized hand sanitizer with at least 60% alcohol, facial tissues and disinfecting wipes or spray.

Clothing

Choose comfortable and casual clothing in natural, "breathable" fabrics and versatile styles that can be layered as temperatures may vary considerably in the course of the day. For game viewing, wear neutral colors (though not camouflage, which is illegal in most national parks and reserves). Black, navy or other dark colors tend to attract insects. Smart casual attire is appropriate for evenings. Formal clothing is not necessary.

Note: If your itinerary includes a journey aboard the Rovos Rail train, the required dress code at dinner in the main dining car is a jacket and tie for gentlemen, and elegant for ladies, such as cocktail/evening dresses or suits.

- Casual slacks
- Walking shorts
- Polo shirts, casual short-sleeve shirts or blouses
- Long sleeve shirts or blouses
- Comfortable walking shoes with traction
- If you are travelling during Africa's winter months of mid-May through early September, bring warm clothing —heavy sweater, hat, gloves, lined jacket —to protect against chilly early morning and evening temperatures
- A pair of rubber beach sandals to use as slippers.
- Brimmed hat for sun protection
- Swimwear/cover-up
- Personal garments
- Sports bra for women for bumpy roads
- Sleepwear
- Socks

Other Recommended Items

- Sunglasses / Sun block
- Insect repellent with high % of DEET to protect against mosquitos and tsetse flies*
- Prescriptions and medications (in their original bottles and/or packaging)
- Simple first-aid kit
- Extra eyeglasses/contact lenses
- Smartphone
- Charging cables for electronics
- Global travel adapter

Optional Items

- Small LED flashlight
- Foldable walking stick
- Lightweight binoculars
- Small daypack or fanny pack
- Inflatable pillow or stadium cushion can make bumpy roads more comfortable
- Low-suds detergent for washing small items of personal laundry

*Note: many properties provide insect repellent in rooms/tents. However you may wish to bring your own preferred brand.

Laundry Service is available at most hotels, lodges and camps. Because some laundries in Africa do not accept any underclothing, be prepared to wash your own smalls. Laundry techniques may

not be suitable for delicate and/or synthetic fabrics. Check costs and return times before using these services.

TIPPING GUIDELINES

While decisions regarding tipping rest entirely with you, we suggest the following gratuities (noted in U.S. dollars) depending on the type of journey.

	All Small Group Journeys and Pre/Post Tour Group Extensions	Tailor Made Journeys
Resident Tour Director or Group Extension Guide	\$15 per person, per day	Not applicable
