ACKNOWLEDGEMENTS

I agree to comply with the travel advice of my home country's government, as well as any country entry and service provider requirements for travel on this journey. This may include and is not limited to providing proof of COVID-19 vaccination and required testing at my own expense.

I agree to take personal responsibility for my own health and wellbeing, maintain adequate physical distancing in shared spaces, frequently wash or sanitize my hands and follow all local health protocols as well as the health and safety instructions of A&K staff. I agree to wear a mask in accordance with local regulations and service provider requirements. I understand that noncompliance with these measures by myself or my travelling party will result in our party not being able to continue on the A&K journey.

I understand that A&K cannot guarantee that I, or those I'm travelling with, will not become exposed to or infected with COVID-19. I understand that the risk of becoming infected by COVID-19 on a A&K trip may result from the actions, omissions, or negligence of myself and others, including, but not limited to A&K staff, service providers and other travellers. I agree to hold A&K harmless and voluntarily assume all risks and related expenses in the event that I, or any member of my travelling party, require testing, quarantine or become infected with COVID-19.

I understand I am required to follow the legal and regulatory requirements regarding COVID-19 testing and quarantine per individual country regulations. Any testing procedures and results during my journey are solely subject to the control of local governments. A&K has no control and no authority to overrule, change or amend local government policies as they relate to testing or providing private quarantine facilities. A&K will assist all guests where COVID-19 testing is required; however, A&K is merely acting as a facilitator in order to assist guests who require a COVID-19 test. All COVID-19 testing is carried out by third party testing facilities with no association or affiliation to A&K, and A&K is not liable or responsible for any results, issues, delays or problems encountered during the testing process or the performance or non-performance of the testing facilities.
