PASSPORT AND VISA INFORMATION

Your passport needs to be valid for **at least six (6) months** after your journey ends, and should have a minimum of seven (7) blank visa pages for entry and exit stamps.

Cambodia

A tourist visa is required for U.S. and Canadian passport holders for entry into Cambodia. There are currently three options available as outlined below. A&K recommends a visa on arrival.

Visa on Arrival: Acquire a visa on arrival at the airport at immigration. The cost is USD \$30. You will be issued a 30-day visa valid for 90 days (meaning you must enter Cambodia within 90 days of the visa being issued, but can only stay for 30 days). Make sure you have your passport with validity of more than six months at the time of entry, a recent passport-size photo, as you will need this information to complete the application.

Electronic Visa (eVisa): Apply for a tourist visa (T-visa) access the Cambodian e-visa website here: [eVisa Kingdom of Cambodia \(Official Government Website\)](#). The cost is USD \$30 plus a \$6 processing fee, with a three-day processing time. You will be issued a 30-day visa valid for 90 days (meaning you must enter Cambodia within 90 days of the visa being issued, but can only stay for 30 days).

Prior to beginning your online application, make sure you have your passport with validity of more than six months at the time of entry, a recent passport-size photo in digital format (JPEG or PNG format), and a valid credit card (Visa/MasterCard) as you will need this information to complete the application.

Once you complete the on-line form and pay the required fee, you should obtain an approval letter via the e-mail you provided in your application within three days. Make sure you have your e-visa with you to present to immigration authorities on arrival.

Visa Stamp: A visa can be obtained either by applying directly to a Cambodian consulate or through a visa processing service. While there are additional costs involved in using a visa service, this option is available for guests who prefer assistance in the visa process.

Laos

A tourist visa is required for U.S. and Canadian passport holders for entry into Laos. There are currently three options available as outlined below. A&K recommends a visa on arrival for guests travelling on *Images of Indochina*, *Signature Indochina*, and the *Luang Prabang Extension* and for guests on Tailor Made itineraries that enter Laos via the Chiang Rai Chiang Kong/Huay Xai land border or whose arrangements include fast-track arrival service.

Visa on Arrival: A tourist visa can be obtained on arrival at all points of entry. The current fee for a single-entry visa is USD \$40 (subject to change without notice) and must be paid in cash in U.S. dollars or local currency. Two passport-size photos are also required.

Electronic Visa (eVisa): A single-entry visa for Laos is available for guests arriving at three main international airports, (VTE, LPQ and PKZ) as well as the Lao-Thai Friendship Bridge I and Lao-Thai Friendship Bridge II. The current fee is USD \$50 (subject to change without notice) and requires a minimum of three (3) days for processing. Read and follow all instructions carefully to ensure a smooth arrival in Laos. You will be required to upload documents (e.g. passport photo and a copy of your passport information pages) to complete the eVisa process. You will be issued a 30-day visa valid for 60 days (meaning you must enter Laos within 60 days of the visa being issued but can only stay for 30 days). Upon arrival, guests with an eVisa can go directly to the

dedicated line for Laos eVisa holders. Print out the approval letter and carry it with you as you will need to present it to immigration authorities in Laos.

Visa Stamp: A visa stamp in your passport can be obtained either by applying directly to a Laotian consulate or through a visa processing service. While there are additional costs involved in using a visa service, this option is available for guests who prefer assistance in the visa process.

Thailand

Holders of U.S. and Canadian passports are not required to obtain a tourist visa for entry into Thailand for stays of up to 30 days.

Vietnam

An Electronic Visa (eVisa) is required for U.S. and Canadian passport holders for entry into Vietnam.

To apply for an eVisa, visit evisa.xuatnhapcanh.gov.vn/. The current fee for a single-entry visa, which is valid for 30 days, is USD \$25 (subject to change without notice). The validity of an eVisa starts from your date of arrival in Vietnam, not from the date of issuance. An eVisa is usually processed within three working days after your application is received. Read and follow all instructions carefully to ensure a smooth arrival in Vietnam and print out your eVisa to present to immigration authorities upon entry.

When filling out your visa application form in either case, please refer to the personalized, dated itinerary provided to you by A&K to make certain that the dates you list on your visa application match your entry/exit dates for Vietnam. Applicants may be required to provide additional documentation, including financial statements.

Note: If your itinerary shows you entering Vietnam on a Mekong cruise, please indicate on your application form that you will enter the country via the Song Tien Landport.

COVID-19 COUNTRY ENTRY REQUIREMENTS & TRAVEL ADVISORIES

Cambodia, Laos, Thailand and Vietnam currently have no COVID-19 vaccination or testing requirements for entry for U.S. and Canadian residents.

Visit the U.S. Department of State at travel.state.gov or the Government of Canada at travel.gc.ca/travelling/advisories for up-to-date information and travel advisories. All requirements are subject to change.

YELLOW FEVER VACCINATION & MALARIA PREVENTION

A yellow fever vaccination is only required to enter the nations of Southeast Asia if you are arriving from, or have transited through, a yellow fever-endemic area in South America or Africa. The CDC and WHO each provide a current list of all affected countries. If vaccination for yellow fever is necessary, you must carry an International Certificate of Vaccination provided by your physician; you may be denied entry without it. If your physician advises against receiving the vaccination because of your personal medical history, he or she can provide you with the necessary documentation for the country/countries you are visiting.

You will be travelling to an area of malaria transmission. We strongly advise that you speak with your doctor or travel clinic regarding your itinerary, individual risk assessment and options for mosquito bite prevention and antimalarial drugs. We recommend filling any prescriptions before you depart.

CASH & CREDIT CARDS

Cambodia: Cash transactions can generally be made in either U.S. dollars or local currency. U.S. dollars should be recently issued bills in smaller denominations.
