

ESSENTIAL INFORMATION INDONESIA VOYAGE: KOMODO, PAPUA & GREAT BARRIER REEF

PASSPORT AND VISA INFORMATION

Your passport needs to be valid for **at least six (6) months** after your journey ends, and should have a minimum of four (4) blank visa pages for entry and exit stamps.

Indonesia

A tourist visa is required for U.S. and Canadian passport holders for entry into Indonesia. There are currently two options available as outlined below. A&K recommends visa on arrival. All entrance procedures and fees subject to change without notice.

Visa on Arrival: Travellers entering Indonesia from entry points not part of the visa exemption will be required to pay a fee of USD \$35 in order to obtain their tourist visa on arrival. This fee must be paid in cash and can be paid in U.S. dollars or local currency.

Visa in Advance: A visa stamp in your passport can be obtained either by applying directly to an Indonesian consulate or through a visa processing service. While there are additional costs involved in using a visa service, this option is available for guests who prefer assistance in the visa process.

Australia

An Electronic Travel Authority visa (ETA) is required for U.S. and Canadian passport holders for entry into Australia and must be obtained prior to departure. U.S. and Canadian citizens must apply for an ETA using the Australian ETA app on a mobile device. You can download the Australian ETA app for free from the [Apple Store \(Apple\)](#) or [Google Play store \(Android\)](#).

The current fee is AUD \$20 (subject to change without notice) and allows multiple entries for up to 12 months after the date of issuance. Read and follow all instructions carefully to ensure a smooth arrival in Australia. Once you download the app, be sure to have your passport with you when you start the e-Visa application process. More information is available here: [Step by step guide](#).

REQUIREMENTS RELATED TO COVID-19

The following are the current COVID-19 screening requirements for entry into Indonesia and Australia for U.S. and Canadian residents. This information is subject to change. Visit the U.S. Department of State at travel.state.gov or the Government of Canada at travel.gc.ca/travelling/advisories for up-to-date country entry requirements.

A&K, the ship operator Ponant, and Indonesia require proof of full COVID-19 vaccination. A booster shot is required for embarkation by the ship operator for guests aged 12 and over if full vaccination is more than four months prior to departure (two months for Janssen/Johnson & Johnson). Approved vaccines include Pfizer (Comirnaty), Moderna (Spikevax), AstraZeneca (Vaxzevria) and Janssen/Johnson & Johnson (Ad26.COV2.S). Booster shots must be an mRNA vaccine (Pfizer and Moderna) regardless of original vaccine type.

Be sure to carry your original COVID-19 vaccination certificate with you for travel on this journey.

Additional Entry Requirements for Indonesia

- All travellers entering Indonesia must download PeduliLindungi, Indonesia's contact tracing app, on their smartphone. You can install the app on your mobile device for free from the [App Store \(apple.com\)](https://apps.apple.com) or [Apps on Google Play](https://play.google.com). Once downloaded, you will need to agree to the terms and register with an email address, full name and passport number. A verification code will be emailed to you and may take a few minutes to receive. If you do not receive an email in your inbox, be sure to check your Spam folder. You need the verification code to complete the electronic Health Alert Card (e-HAC). Once submitted, the approval process could take up to five business days and you will receive a unique barcode which you need to show at airport check-in and arrival in Indonesia. Instructions can be found at [Non-Indonesia Vaccination Verification \(kemkes.go.id\)](https://kemkes.go.id).
- Complete an online Custom Declaration form no sooner than four days prior to arrival at beacukai.go.id.

COVID-19 testing on arrival and while travelling in Indonesia:

- Travellers who present symptoms of COVID-19 or who have a temperature higher than 37.5 degrees Celsius (99.5 degrees Fahrenheit) will be required to undergo an RT-PCR test and wait for the results at their booked accommodation. If a negative result is received, travellers can continue with their travel plans.
- Travellers who tested positive for COVID-19 within 30 days prior to arrival in Indonesia are required to undergo an RT-PCR test on arrival. The traveller must present a certificate stating that they are no longer actively transmitting COVID-19, issued by the relevant health authority in the country of departure. In cases when a RT-PCR test is required on arrival, travellers must remain at their booked accommodation until a negative test result is received.
- Travellers who test positive for COVID-19 on arrival or during their stay will be required to self-isolate. Travellers with mild or no symptoms can isolate at a hotel for the period advised by a medical professional. Travellers having moderate to severe symptoms (such as high fever, cough, shortness of breath and rapid breathing) will be required to isolate at a local hospital until discharged by a medical professional (medical costs at the traveler's expense). Travelling companions who test negative can continue on their journey.

Australia

Australia currently has no COVID-19 vaccination or testing requirements for entry for U.S. and Canadian residents.

Boarding Requirements

Prior to boarding, all guests must complete Ponant's **Mandatory Health Declaration** form, provided to you in Bali.

Additional testing may be required during the program.

VACCINATIONS

A yellow fever vaccination is only required to enter Indonesia if you are arriving from a yellow fever-endemic area in South America or Africa. The CDC and WHO each provide a current list of all affected countries. If vaccination for yellow fever is necessary, you must carry an International Certificate of Vaccination provided by your physician; you may be denied entry without it. If your physician advises against receiving the vaccination because of your personal medical history, he or she can provide you with the necessary documentation for the country/countries you are visiting.

LOCAL HEALTH & SAFETY PROTOCOLS

Special Note on Isolation and Quarantine Requirements: During the group journey, any guest that tests positive for COVID-19 will be required to isolate for 5 days.

In Indonesia, the wearing of face masks is required in all indoor public places.

Throughout your journey, wearing a mask is recommended in vehicles, Zodiacs, indoor spaces and any outdoor spaces where physical distancing is not possible. We encourage you to bring your own masks; a supply will be on hand where needed.

Note all protocols are subject to change in accordance with relevant guidelines, local regulations and conditions.

SPECIAL CONSIDERATIONS FOR EXPEDITION CRUISES

This cruise travels to remote destinations far removed from medical facilities, and major medical care is not available. There is a medical center on board, staffed with a physician and nurse to offer immediate medical care to guests; fees may apply. A minimum level of fitness is required to enjoy this journey as intended, with active elements that include navigating stairs and gangplanks, entering and exiting Zodiacs, and walking over uneven terrain with steep slopes and slippery footing during shore excursions.

Please ensure that we are aware of any physical, medical or other condition that might affect your ability to participate on this journey. You may be required to produce a doctor's certificate prior to travel. Due to ship restrictions, women who will be six (6) months or more pregnant at any time during the cruise are not permitted to travel on Expedition Cruises. The ship owner's medical staff and Captain reserve the right to refuse passage to anyone who is deemed unfit for travel either before or during the journey.

Emergency Evacuation Repatriation Insurance

Due to the remote locations, A&K requires proof of a minimum of \$100,000 per person in emergency evacuation/repatriation insurance for this journey. This minimum amount is included in A&K's Guest Protection Program; upgrades can be purchased for higher coverage on request. If you do not purchase A&K's Guest Protection Program, we require proof of alternative coverage. Please include your insurance carrier's name and telephone number when completing your guest information online. Additionally, carry proof of coverage with you on the cruise.

Please note emergency evacuation insurance provides for covering the cost associated with emergency evacuation and repatriation up to the limits of the respective policy; however, it does not guarantee the timing, method or mode of such evacuation and repatriation, which is subject to weather, location and other conditions or variables outside of A&K's control.

OF SPECIAL NOTE: SCUBA DIVING EXCURSIONS

Scuba diving may be available to qualified guests with an open-water diving certificate (PADI, NAUI or other authorized scuba training organization). A minimum of two dives must be completed and logged within twelve months prior to the start of the expedition. Availability is dependent on conditions and local restrictions. Dive times, locations and frequency are at the discretion of the *PONANT Cruises* and A&K Dive Masters and are determined by the guest's diving experience and by the environmental conditions on that day. Certain medical conditions may exclude you from scuba diving at certain locations.

If you intend to participate in scuba diving excursions during your journey, please complete a Scuba Diving Guest Registration Form, PADI Statement of Risk and Liability and Participant Medical Questionnaire, and email these forms along with a copy of your certification card to A&K at usashoreexcursions@abercrombiekent.com no later than July 20, 2023.

Please ensure you bring the all the original completed forms sent to you by A&K, your valid diving certificate and logbook with you on the cruise. Additional forms may be required to be completed on board.

CASH & CREDIT CARDS

In Indonesia, cash transactions can generally be made in either U.S. dollars or local currency, though some smaller shops may require payment in Singapore dollars. U.S. dollars should be recently issued bills in smaller denominations.

In Australia, cash transactions must be made in Australian dollars. Major credit cards are widely accepted for goods and services.

In both countries, access to ATM outlets is widespread in cities and towns but may be limited in rural areas.

The euro is the official currency on board. Personal expenses incurred on board can be charged to your shipboard account and paid at the end of the expedition by major credit card or cash, including U.S. dollars. There is no currency exchange facility on board.

All onboard transactions made by bank or credit card are processed via the ship owner's home office in Marseille, France, and charges from your onboard account may not be processed until one month after your cruise. Call your bank or credit card company to advise about your travel plans.

PACKING LIST

Plan on travelling with one suitcase and one carry-on bag. Soft-sided luggage will be easier to store once you have unpacked.

LANGUAGE AND COMMUNICATIONS

English is the language used by staff on board A&K charters.

Complimentary Wi-Fi Internet is featured on A&K charters. Internet access at sea is made possible by satellite, and speed and connectivity are dependent on latitude, weather and atmospheric conditions as well as the number of guests using their computers or mobile devices. Do not rely on the ship's Internet service for applications such as social media sites, downloading files or streaming movies. Internet service may not always be available, and your patience and understanding are appreciated when this situation occurs.

Direct-dial telephone access is available in your stateroom. Charges for maritime satellite connections are significantly higher than those for land services and the cost of the call will be added your shipboard account.

OF SPECIAL NOTE

The ship is nonsmoking except in a designated area outside on Deck 3.

Maritime law does not permit unrestricted access to the bridge. At the Captain's discretion, guests may be offered the opportunity to visit the bridge during scheduled times in accordance with security protocols.

Access to outdoor areas may be restricted during inclement weather and ship maneuvers. The ship's daily scheduled sightseeing events and timings may be altered, and flexibility is required.
