

PREPARING FOR YOUR JOURNEY

WILDLIFE SAFARI: AROUND THE WORLD BY PRIVATE JET

REVIEW YOUR PASSPORT

Your passport needs to be valid beyond April 8, 2023. For this journey you need at least 12 completely blank visa pages available in your passport for entry and exit stamps.

U.S. passport holders who frequently travel internationally may be able to obtain a second passport, which is valid for four years. This would allow you to travel with one passport, while the second may be submitted to obtain any required visas for your next trip abroad. Pinnacle TDS can assist you with information on the steps required and process the application on your behalf.

SECURE YOUR VISAS

Tourist visas are required for U.S. and Canadian passport holders for **India, Kenya and Rwanda and must be obtained prior to departure**. A&K provides a concierge service through our partner, Pinnacle TDS, to facilitate the procurement of these required visas. You may call them at 888 838 4867, or visit them online at pinnacletds.com/AandK or email AandK@pinnacletds.com for specific instructions.

Tourist visas for **Madagascar** will be obtained for you separately by A&K; you need not apply for them on your own. Visas are currently not required for U.S. or Canadian passport holders for any other destination on this journey.

If you are not a citizen of the United States or Canada, please consult the nearest diplomatic or consular office of the countries you will be visiting for information on necessary documentation you need to enter their country.

UPDATE VACCINES & MEDICATIONS

Check with the Centers for Disease Control and Prevention (cdc.gov/travel) or the World Health Organization (who.int/en) for the latest on required and recommended vaccines for your destination.

A yellow fever vaccination is required for entry into some of the countries visited on this program. You must carry an International Certificate of Vaccination provided by your doctor. Without this, you may be denied entry. If your physician advises against receiving the vaccination because of your personal medical history, he or she can provide you with the necessary documentation for the country(ies) that you are visiting.

You'll want to visit your doctor or local travel clinic a couple of months before departure to allow time for any vaccinations to take effect or to fill any prescriptions.

TRAVEL ADVICE & ADVISORIES

Visit the U.S. Department of State at travel.state.gov or the Government of Canada at travel.gc.ca/travelling/advisories for current information on travel advisories, entry restrictions and special considerations for travel in various countries. Information changes rapidly and we recommend routinely reviewing the specifics pertaining to your journey prior to your departure; our partner VisaCentral maintains an up-to-date list of all current travel restrictions, available at visacentral.com/travel-restrictions.

We also recommend that you register with your nearest embassy or consulate for the destinations included in your journey. U.S. citizens can register through STEP, the Smart Traveller Enrollment Program (step.state.gov/step). Canadian citizens can enroll in Registration of Canadians Abroad at travel.gc.ca/travelling/registration.

MONEY MATTERS

We recommend travelling with some cash and at least two different major credit cards, such as Visa and Mastercard, so you have backup if your card is not accepted or lost. Contact your bank and credit card companies to let them know where and when you'll be travelling, as well as confirm any foreign transaction fees. When carrying cash, try to travel only with recently issued currency in smaller denominations; many merchants overseas won't accept wrinkled or torn bills. Only exchange currency at authorized outlets such as currency exchanges, ATMs or hotels and save receipts as they may be required for exit. Refer to **Essential Information** for additional currency details.

KEEP CONNECTED

While most smartphones work overseas, you might need to turn on international roaming service before you travel. Contact your carrier for information on coverage and voice and data plan options while travelling abroad.

GETTING ONLINE

Many hotels and public places have Wi-Fi and you'll usually be able to stay connected throughout your journey, although Internet access may be poor to nonexistent in remote destinations. Note that some countries block access to social media sites or otherwise impose restrictions on what content you can view or send online.

CHARGING YOUR GADGETS

Be sure to bring a global travel adapter set with you to recharge your electronics at your hotel or in camp. You can purchase one through A&K's Travel Store at usa.thetraveloutfitter.com.

PACKING FOR YOUR JOURNEY

The typical attire on A&K Private Jet journeys is relaxed and informal during the day and smart casual attire is appropriate for evenings. Choose comfortable, versatile clothing that can be layered to account for changes in the weather throughout the day. Consult the **Packing List and Baggage Restrictions** specifics provided. Use the provided A&K luggage tags, even if your bags already have ID tags. This makes it easier for A&K staff to collect and manage your luggage for you.

STAY HEALTHY ON THE ROAD

Carry your prescriptions and over-the-counter medications in their original containers in your carry-on luggage. Pack a simple first-aid kit along with medicines for motion sickness and mild upset stomach. As a precaution, use only bottled water and avoid foods from street vendors.

Take care to observe safe health practices when travelling: Wash or sanitize your hands often; avoid touching your eyes, nose and mouth; and cover your mouth when coughing or sneezing. If you begin to feel unwell at any point in your journey, please inform your guide.

Because of Rwanda's high elevations, you may experience altitude sickness. Please consult your healthcare provider for suggestions on prevention and treatment.

Bringing Medications into Japan

Please note that Japan strictly regulates, and in some cases prohibits, the import of certain prescription and over-the-counter medications (even for personal use). We suggest that you consult the Japanese Embassy online at www.us.emb-japan.go.jp/english/html/medication-info-japan.html for more information on bringing medications into Japan.

KEEP VALUABLES SECURE

We strongly recommend leaving valuables such as jewelry at home as A&K cannot be responsible. Use safes where available to secure valuable items such as passports, or else

always carry them on your person. Replacing a lost or stolen passport is much easier if you have a copy on hand. Pack a photocopy of your passport's personal information page with your luggage, and keep a photo of it on your smartphone.

SMART SHOPPING

If you are interested in shopping, your A&K guide may recommend local shops; however, A&K is not responsible for the quality or value of merchandise. Any purchases and shipping are at your sole discretion. Be sure to review your credit card receipts before signing, paying special attention to currency conversion. We recommend taking items with you in lieu of shipping them whenever possible. Consult the local customs authority (cbp.gov in the U.S. and travel.gc.ca in Canada) for information on what you can bring back and duty taxes. Keep receipts and items together.

PHOTOGRAPHY ETIQUETTE

Be sure to ask permission before taking pictures of local people, including small children. Note that photography is not permitted in some locations; it is usually clearly marked. If in doubt, ask your Tour Manager to avoid having your camera confiscated.

TIPS ON TIPPING

As a convenience, all gratuities are included. Any additional gratuities that you may choose to present to specific members of your tour staff are left to your personal discretion.
