Itinerary

DAYS 4–5 THE DRAKE PASSAGE | LEGENDARY WATERS

The journey south toward Antarctica is an exciting one, furthered by singular, voyage-long access to our knowledgeable Expedition Team and enrichment experts — both on board and on shore. Set out into the Drake Passage, a 600-mile-wide swath of water where the Southern Ocean currents are squeezed between South America’s southern tip and Antarctica’s northernmost reaches. An important trade route in the 19th and early 20th centuries, the waters and icy conditions that define this passage once made the journey a difficult one, though the stabilizer-equipped ‘Le Lyrial’ handles it with ease. After lunch, enjoy a stimulating presentation from one of your expert lecturers or join your naturalists on the deck to look for whales and abundant seabirds, which join other mammals in feasting on the Drake’s krill-rich waters. It’s all just a taste of the educational enrichment and wildlife you will encounter in the days to come. Later, chat with your Expedition Team about the next day’s itinerary.

DAYS 6–10 ANTARCTICA | THE WHITE CONTINENT

As the Antarctic Peninsula and its offshore islands appear on the horizon, a sense of excitement begins to build. Travel in the comfort of your luxury cruiser, enjoying enriching lectures from members of the Expedition Team on topics ranging from birdlife to photography and history. Dependent on weather, sea, ice and wildlife conditions, Antarctic expeditions demand spontaneity and no two are ever the same. With that in mind, your Captain and Expedition Team carefully plan your active, curated itinerary and daily excursions that may include the following areas: **Antarctic Sound:** At the northernmost tip of the Antarctic mainland, this body of water features some of the best sightseeing on the peninsula and a proliferation of giant icebergs. Noted for its vast numbers of bird species, the sound is home to the largest breeding colonies of Adélie penguins in Antarctica. Look forward to opportunities to land on remote, wildlife-laden islands as well as possible opportunities to experience a continental landing on the Northwest tip of the Antarctic peninsula. **South Shetland Islands:** Antarctic research stations, remarkable history, amazing geological features and abundant wildlife define these islands off the shore of the Antarctic Peninsula. Our expedition team will look for opportunities to visit a wide range of sites including working research stations, volcanic islands, and historic sites as well as gentoo, Adélie and chinstrap penguin rookeries. **Danco Coast:** Bordering the South Shetland Islands along the Antarctic continent, the Danco Coast is famed for its scenic, jaw-dropping waterways. From the comfort of ‘Le Lyrial,’ you may sail through some of its most stunning and photogenic channels, straits and bays. Each cruise day begins with an early breakfast followed by a morning excursion on swift Zodiacs (sturdy inflatable boats). Piloted by expert A&K drivers, each excursion is accompanied by lecturers and joined by groups of no more than 10 guests. After mornings discovering native species and striking terrain, return to ‘Le Lyrial’ for lunch, and time to relax and observe the wildlife-rich waters that surround you, searching for everything from fin whales, humpback whales and orcas, to Antarctic and imperial shags. By afternoon, set out for the day’s second excursion, which may include visiting a scientific research station, hiking on a sheltered beach packed with basking Southern elephant seals, or circumnavigating colossal icebergs that serve as floating homes to seals and penguins. After full days of adventure, evenings aboard your luxury cruiser invite you to unwind over cocktails in the cozy lounge before dinner in the elegant dining room. At night, choose to recap the day’s discoveries with your naturalist guides; chat on deck with fellow guests; or seize the opportunity to capture photos in the stunning low light characteristic of Antarctica’s long, ethereal twilight.

DAYS 11–12 THE DRAKE PASSAGE | MEMORABLE RETURN

Bid farewell to wondrous Antarctica and begin your cruise back to Ushuaia at the southernmost tip of Argentina. The ship’s return through the Drake Passage is an interlude for recap and reflection, with time to compare notes with your expert lecturers on the wildlife, history and geology of the White Continent. Spend time on board with newfound friends in the comfortable common spaces of ‘Le Lyrial,’ enjoy quiet relaxation on your own private balcony or absorb more fascinating lectures by your captivating Expedition Team. While cruising through this historic passage, you may spot various species of whales and seabirds, including the elusive albatross and the giant petrel, an opportunistic predator and scavenger nicknamed the “stinker.” The immense albatross is an especially stunning sight to behold. These wandering birds boast a wingspan approaching 12 feet and are capable of gliding through the air for hours at a time in search of food.
DAY 13 DEPART USHUAIA
